Profile

Product Designer with 5+ years of experience across AI, SaaS, Web3, marketplaces and entertainment. Turns complex requirements into clear user journeys, prototypes and scalable interfaces. Works with product managers and engineers from research through implementation.

Experience

Product Designer — Freelance

2026–Present

- Independent client work across UX flows, interactive prototypes, UI design and developer handoff.

Product Designer — ANUNA LLC

Dec 2025–May 2026

- Designed end-to-end product flows and high-fidelity prototypes, informed by user research and competitive analysis.
- Partnered with product and engineering leads to validate concepts and support implementation.

Creative Director — Duck Master

Sep 2024–May 2025

- Led creative and UX/UI design for a Telegram mini-game, including engagement loops, prototypes and iterative improvements.

Product Designer — Ineed Inc

May 2022–May 2024

- Designed mobile experiences for clients and service professionals, plus the landing page; refined flows through research and usability testing.

UX/UI Designer — TIRSoft LLC

Oct 2020–May 2024

- Translated requirements into user flows, sitemaps, UI mockups and prototypes; resolved UX issues with product and engineering teams.

Selected projects

- BalVoi — AI-assisted news and editorial workflows; research, UI and a reusable component system.
- XY Ecosystem — connected Web3 lottery, marketplace and protocol experiences with consistent onboarding and a shared design system.
